Please answer the following questions on a separate sheet. Your responses are important to our own understanding of what our Beloved Designer is up to, so please do be as prayerfully clear as possible but do not be overly concerned about your wording. We know and trust you already.

1. Do you have a spiritual director?
2. Do you have a daily contemplative practice?
3. What has shaped your call to lead this program? What have been the signs and the struggles in your discernment?
4. How have you and your co-leader come together to explore this call? What in your backgrounds have prepared you?
5. Who are the potential program participants in your community? What is your sense of their readiness for spiritual deepening? What is likely to be the number of participants who will commit to the full program?
6. What is your hope for leading this program?
7. What support is most important for you to receive from Shalem?
